

Office Safety Precautions in Effect During the Pandemic

My office is taking the following precautions to protect our patients and help slow the spread of the coronavirus.

Office seating in the waiting room and in the therapy room has been arranged for appropriate social distancing.

My staff and I wear masks.

My staff maintains safe distancing.

Restroom soap dispensers are maintained and everyone is encouraged to wash their hands.

Hand sanitizer that contains at least 60% alcohol is available in the therapy room, the waiting room, and at the reception counter.

I schedule appointments at specific intervals to minimize the number of people in the waiting room.

I ask all patients to wait in their cars or outside until no earlier than 5 minutes before their appointment times.

Credit card pads, pens, and other areas that are commonly touched are thoroughly sanitized after each use.

Physical contact is not permitted.

Tissues and trash bins are easily accessed. Trash is disposed on a frequent basis.

Common areas are thoroughly disinfected at the end of each day.
